Fox Mine (S/039/0024) - Bighorn's report & the blank map1 message

Peter Brinton <peterbrinton@utah.gov>

Fri, Dec 27, 2013 at 5:14 PM

To: Darin Christensen <crmreadymix@yahoo.com>

Darin,

I spoke with Jon at Bighorn, and he's planning to mail us a copy of the report.

We need you to send us a new map before you can start in your new area. See the attached map for you to print, draw on, and then send back in with the following things marked:

- 1) this year's existing mining area (during 2013),
- 2) the area you have already regraded,
- 3) the area you plan to mine in the future (no greater than 5 acres in size - I can tell you what those dimensions are, roughly),
- 4) the rough location of the pits, stockpiles, waste piles, topsoil piles, etc. It doesn't have to be exact, but these should be shown.

Please also sign this form at this link, and show on it that you're replacing your Operation Map (https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-REV-SMO_EXP.pdf). Then mail (or email) both the form and the map back to me. Thanks.

Let me know if you have questions. I'm happy to help.

Peter
